

Social Determinants of Health: Cancer Risk in American Indian and Alaska Native Populations

Tuesday, February 22, 2022, 2-3:30 p.m. ET

Please join us for part 1 of a 3 part webinar series on the social determinants of health and their impact on cancer risk among **American Indians and Alaska Natives**. Addressing historical, cultural, and other factors is imperative to ensuring a more equitable future. Hear more about findings from recent research, promising practices and strategies in cancer prevention research from expert panel speakers.
